

Shakeel Haider

I am a Full Stack Developer skilled in modern frontend and backend technologies, building scalable web and mobile applications. I use AI-powered tools to accelerate development, improve code quality, and deliver efficient solutions. I value clear communication, collaboration, and understanding client needs to ensure successful project delivery.

EXPERIENCE

BCDapps, Islamabad — Senior Software Engineer

Jan 2023 - Apr 2026

Leading development of web and mobile features, reviewing pull requests, managing deployments, mentoring junior developers, optimizing system performance, and collaborating with cross-functional teams to deliver scalable solutions.

Abtach, Karachi — Junior Mobile Developer

Dec 2021 - Dec 2022

Built and maintained mobile app features, collaborated with designers to implement responsive UI/UX designs, and coordinated with backend developers for API integration. Fixed bugs, supported team tasks, and contributed to improving overall app performance and user experience.

Sky Electric, Islamabad — Internee

Nov 2020 - Feb 2021

Assisted in software tasks, learned core development practices, and supported the team in daily technical operations.

EDUCATION

Indus University, Karachi — Bachelor (Software Engineering)

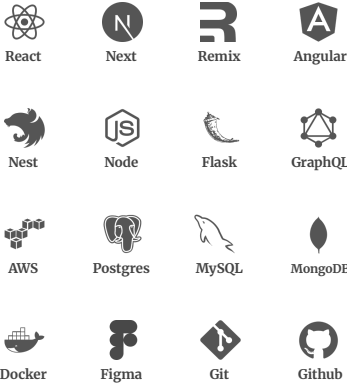

Jul 2015 - Apr 2019

Assisted the development team with daily software tasks, learned core development practices, and collaborated with senior developers on debugging, testing, and basic feature implementation. Gained hands-on experience in team workflows, technical communication, and software development processes.

SKILLS

- Cross-functional collaboration & clear communication
- Problem-solving, debugging & performance optimization
- End-to-end feature ownership & deployment management
- Team leadership, mentoring juniors & PR/code reviews
- AI-assisted development using GitHub Copilot, ChatGPT, Claude, and Gemini to accelerate delivery and improve productivity
- Improved code quality through AI-assisted testing, refactoring, and development workflows

Technical SKILLS

PROJECTS
